General Comments/Announcements

- **Moore** asked if there were other updates. **Steve Roberts** stated that the proposed Parole Reporting Center location would be moved to District VI, east of Washington.
- **Moore** and **Jones** proceeded to give her update from the Community Services Block Grant (CSBG) review committee. **Moore** stated that \$ 864,969 had been approved to provide services to low income area in the city of Wichita; this funding, dates back to Neighborhood Initiative in 1995. These monies were used to 1) fund the Citizen Participation Organization Committees; 2) provide overnight care and other services. The 2000 CDBG was submitted before the review board was selected, therefore, only part of the requested funding was received. **Moore** gave a breakdown of services and how much money had been allocated to each service. 2000 funding was allocated for things which included, but not limited to 1) transportation; 2) health care; 3) taxi service and 4) work supplies. **Moore** stated that review committee discussions also centered around 1) providing better transportation in the Northeast area which would include longer hours for bus services; and 2) concerns that funding would no longer be used for client assistance.

Both **Moore** and **Jones** stated that in the future they would like to see the members of the CSBG review committee allowed more input as to how the monies are allocated.

- The Neighborhood Assistant reminded DAB members to complete the DAB survey and return the survey within the week.

Being no further business, **Moore** adjourned the meeting at 7:40 p.m.
